REQUEST FOR CORRECTED PATENT OR CERTIFICATE OF CORRECTION

This is a request pursuant to 37 C.F.R. § 1.322.

On April 3, 2006, applicant's undersigned attorney mailed the Issue Fee, by returning Part B-Fee Transmittal (Form PTOL-85). The form was fully completed and consisted of a two page document. Attached hereto is a copy of the document, indicating at the bottom of the first page that it is "Page 1 of 2" and the second page as "Page 2 of 2". Both pages are stamped as having been received by the U.S.P.T.O. on April 6, 2006.

In box "3" of PTOL-85, the block where the name and residence of assignee is normally included applicant typed the following notation: "(9 names-see attached pg. 2)". All nine assignees were listed on the second or page 2 of 2. Clearly, the second page was necessitated because the space allotted in block 3 is insufficient for inclusion of the names and residents Cities and States or Countries for all nine assignees.

Yet, when the U.S. Patent No. 7,053,013 was issued on May 30, 2006 it did not show the names of any assignees. Clearly, this omission was an error or mistake by the

U.S. Patent and Trademark Office.

Accordingly, attached hereto is a completed "Certificate of Correction" (Form PTO/SB/44) listing all of the inventors and assignees.

Pursuant to Rule 37 C.F.R. § 1.322 (b), it is respectfully urged that the nature of the mistake on the part of the Office is such that a Certificate of Correction inappropriate in form by the assignees and that the Director is respectfully requested to issue a corrected patent in lieu of a Certificate of Correction.

In the alternative, it is respectfully requested that a Certificate of Correction be issued as soon as possible and mailed to the undersigned attorney for applicant as well as attaching it to all copies of the patent printed or issued or shown on the website of the U.S. Patent and Trademark Office for downloading.

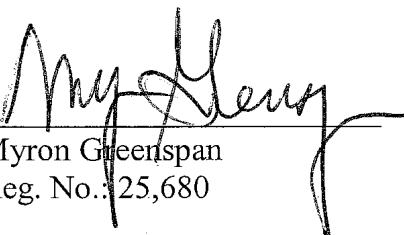

Since this is a Request for a Certificate of Correction due to Office mistake, it is respectfully submitted that pursuant to 35 U.S.C. § 254 and 37 C.F.R. § 1.322 that the Certificate be issued without cost to the inventors or the assignees.

Early action in the issuance of a corrected patent or Certificate of Correction is, accordingly, respectfully solicited.
